## Module 2 Assessment

LATEST SUBMISSION GRADE

100%

1. Which one of the following statements is true?

1 / 1 point

- ☐ In scrum, the product vision remains constant as the team builds the product.
- ☐ Scrum projects all follow the same practices.
- ☒ Scrum is a framework for achieving agility.

Correct

This is covered in Scrum Overview I- Artifacts.

2. Which one of the following statements is true?

1 / 1 point

- ☐ A product backlog is the same thing as a sprint backlog.
- ☒ A burndown chart should reach zero by the end of the sprint.
- ☐ A sprint board includes the product backlog.

Correct

This is covered in Scrum Overview I- Artifacts.

3. What does a sprint backlog contain?

1 / 1 point

- ☒ Issues to be completed in the sprint and a plan to complete them.

- ☐ A prioritized list of all of the issues of the project.
- ☐ A list of issues to be completed after the current sprint.

**Correct**

This is covered in Scrum Overview I- Artifacts.

4. Which scrum role is responsible for the product backlog?

**1 / 1 point**

- ☐ Development team members.
- ☐ Scrum master.
- ☒ Product owner.

**Correct**

This is covered in Scrum Overview II- Roles and Events.

5. Which scrum meeting is most likely to include stakeholders?

**1 / 1 point**

- ☐ Sprint planning meeting.
- ☒ Sprint review.
- ☐ Daily standup/scrums.
- ☐ Sprint retrospective.

**Correct**

This is covered in Scrum Overview II- Roles and Events.

6. Which one of these best describes the purpose of a sprint retrospective?

**1 / 1 point**

- ☐ Inspect the increment and collaboratively update the product backlog.
- ☐ Plan the work of the sprint.

- ☒ The team inspects itself, including its processes, tools and team interaction.

**Correct**

This is covered in Scrum Overview II- Roles and Events.

7. Which scrum role is most responsible for protecting the focus of the team?

**1 / 1 point**

- ☐ Development team members.
- ☐ Product owner.
- ☒ Scrum master.

**Correct**

This is covered in Scrum Overview II- Roles and Events.

8. Which one of the following statements is true?

**1 / 1 point**

- ☒ Many agile principles are similar to lean principles.
- ☐ Lean principles are not related to agile principles.
- ☐ Lean principles apply only to production.

**Correct**

This is covered in Toyota Kanban.

9. Assume that your job is to make sure that a vending machine is full of items every morning. Which one of these acts as a kanban used to manage the inventory?

**1 / 1 point**

- ☒ An empty item location in the vending machine.
- ☐ The items in your delivery truck.
- ☐ The money used to purchase items.

**Correct**

This is covered in Toyota Kanban.

10. An andon board is a central location that displays current problems that have been identified by the team. Which one of these is another example of the process identifying problems? **1 / 1 point**
- ☐ An issue that has been in the backlog a long time.
  - ☐ Moving an issue to a "queue" column on a board.
  - ☒ Columns on boards changing color when over the work-in-progress limits.

**Correct**

This is covered in Lean Principles.

11. When you are troubleshooting a problem using the "5 whys" approach, when should you stop asking "why" questions? **1 / 1 point**
- ☒ When you find the root cause of the problem.
  - ☐ When you have asked five questions.
  - ☐ When you find the solution to your problem.

**Correct**

This is covered in Lean Principles.

12. Which one of these is an example of a team that uses an approach similar to the scientific method? **1 / 1 point**
- ☐ The team postpones any changes to the plan until after the initial product release.
  - ☒ The team builds a feature, but the data shows that customers do not use it, so they remove it.
  - ☐ The team creates a plan for building a product, then implements the plan perfectly.

**Correct**

This is covered in Lean Principles.

13. Which one of these Agile Manifesto value statements is most related to empowering the team? **1 / 1 point**

- ☒ Individuals and interactions over processes and tools.
- ☐ Customer collaboration over contract negotiation.
- ☐ Working software over comprehensive documentation.

**Correct**

This is covered in Agile Principles.

14. Which one of these statements is similar to the spirit of the Agile Manifesto? **1 / 1 point**

- ☐ All communication should be documented.
- ☒ It is important to embrace change.
- ☐ The product should only be delivered when it meets the customer's specification.

**Correct**

This is covered in Agile Principles.

15. Which one of the following statements is an Agile Manifesto value statement? **1 / 1 point**

- ☐ Following a plan over responding to change.
- ☒ Customer collaboration over contract negotiation.
- ☐ Comprehensive documentation before working software.

**Correct**

This is covered in Agile Principles.
